## A sampling of our speakers...

In 1999 Dr. Perry Kendall assumed the position of Provincial Health Officer for BC. Being awarded the Order of British Columbia for his contributions to Public Health practice and to harm reduction policy and practice in BC reflects the excellency he applies in both his life and career.

Dr. Keith Warriner, Assistant Professor, Food Microbiology, University of Guelph has a BSc (Hons) in Food Science (Nottingham University, UK) specializing in food microbiology and a PhD in Microbial Physiology at the University of Wales Aberystwyth. He has researched at: University of Manchester in biosensor development; Nottingham University on epidemiology of enteric contamination within meat chains, intervention technologies and interaction of human pathogens with growing plants; and, University of Guelph in food microbiology.

Liz Gurszky, Director of Communication and Market Development, BC Dairy Foundation brings branding to life by integrating all of their programs for students, youth, young adults and families to make milk relevant to their lives.
